### California Cattlemen's Association Welcomes New Administrative Assistant

Sacramento, Calif. (August 31, 2010) – The California Cattlemen's Association is pleased to announce the hiring of Kaitlin Duni as administrative assistant. As an integral part of the team at CCA, Duni's role will be communicating with members and assisting other CCA staff in their ongoing efforts to promote and protect California's beef producers.

CCA President Tom Talbot, DVM, a rancher from Bishop, said, "I am very pleased with the decision to bring Kaitlin on board with our staff. In addition to having an education that complements her position, she has grown up in the California agriculture community, has a passion for maintaining thriving farms and ranches and will be a great asset to our membership."

Raised in Los Banos, Duni graduated from California State University, Chico, with a bachelor's degree in Agriculture Business. Duni is a very outgoing individual who has played an integral role in her family's hay operation where she coordinated hay deliveries, kept books and helped oversee the business operations that helped the family business run smoothly. In addition, Kaitlin worked for the Student Union at Chico State and was very active in student organizations and activities on campus.

"As a young girl, I knew that the farming and ranching way of life is where I belonged and I am excited to be working for California's cattle producers," Duni said. "As the first voice that ranchers hear when calling the CCA office, I look forward to interacting with CCA members and providing them with the information they are seeking."

As administrative assistant, Duni replaces Annie Maddalena who served CCA members for the past year and a half. Duni, who will also be assisting the California Wool Growers and the California Pork Producers, will work full time in the CCA office where she will be readily accessible to the members of these three organizations. For more information about Duni or CCA, contact the CCA office at (916) 444-0845 or visit [www.calcattlemen.org](http://www.calcattlemen.org).

####

Founded in 1917, the California Cattlemen's Association (CCA) represents California's \$1.75 billion beef cattle industry on legislative and regulatory affairs and remains the number one voice for the industry today. CCA is an affiliate of the National Cattlemen's Beef Association, which represents America's cattle farmers and ranchers.
